

Good Everyone:

Franklin County Real Property Office is pleased to announce that we now have a Public computer. This will allow individuals to access all of our Real Property information, tax maps, GIS Maps, exemption information, or many other items that may be of interest to them concerning Real Property. We also now have a brochure board that contains many pamphlets that will explain how the Real Property Cycle works, exemptions, how to grieve your assessment, how to understand the assessment roll, assessments vs. taxes, change of address, split/merge forms, custom report forms, map (tax map or filed map) order form etc.

All of this information is available to the Public for free for viewing, so if you have anyone who stops in your office and has questions concerning Real Property, please send them to our office.

We have a Public station for the Public computer, two meetings tables, and a wonderful team that is here to assist.

I would like to extend a sincere thanks to the Franklin County IT department, the Franklin County Building Department, Franklin County Purchasing and County Manager's Office, and Fran Perry for all of their support to make this happen. I believe that our office is part of a huge great Team. Thank all of you for your time and assistance. It is very appreciated. Have a great weekend everyone! 😊

Best Regards,
